At Saint Joseph Preschool our aim is to support smooth transitions based on your child's individual needs. Our goal is to have the parents feel secure that their child is in a safe, happy, nurturing, and appropriate learning environment. Open communication between teachers, and parents is key for a successful transition. A parent information meeting, before the start of the preschool program, will provide needed instruction and support to make your child's transition go smoothly. Another parent meeting will take place at the second conference to discuss your child's transition into a pre-kindergarten classroom.

To ensure a smooth transition, we aim to . . .

- \* develop your child's self help skills, along with fine and gross motor skills
- \* develop your child's ability to follow simple directions and daily routine
- \* develop positive social interaction with peers and teachers
- \* keep the lines of communication open between teachers and parents throughout the entire transition process

On all regular Preschool days the children will be given a water break. Birthday treats may be brought to preschool in a wrapped or sealed bag to be sent home, due to allergies. **Parents should notify Mrs. Huston at the orientation if there is a food allergy.**

**Show and Tell:** A show and tell bag will be placed in your child's mailbox when it is their turn. Children should bring in one item that will easily fit into the designated bag..

**Examples:** small stuffed animals, pictures, matchbox cars, etc. Be creative! Electronic devices are not a good choice for show and tell. Due to child allergies we are asking all parents to make sure the bag does not smell like smoke. Parents please, ask people who are driving children to school to respect this policy.

**All clothing worn to school should be marked with the child's name.**

Children should wear washable, comfortable play clothing that can be easily snapped, buckled, buttoned, and zipped by themselves and that is suitable to both indoor and outdoor activities. Clothing or shoes covered in glitter are not permitted. Gym shoes or hard rubber soled shoes that buckle or tie should be worn. **Please do not allow your child to wear slip-on shoes, flip flops, crocs, fashion boots or other boots, jelly shoes, musical or light up shoes to school.** Always have your child wear socks with their shoes. Children who do not wear the proper type of shoes will not be permitted to participate in outdoor walks or other activities where they could get hurt. **Children are not to wear watches, large dangling earrings, necklaces, bracelets, hooded apparel, nail polish or rub on tattoos to school.** Please do not allow your child to wear or bring in make-up to Preschool. The only exception to this rule would be on Halloween.

**Extra Clothing:** Water activities, painting, and occasional bathroom accidents necessitate an extra set of clothing be kept in the preschool classroom at all times. All extra clothing should be marked with the child's name and be brought in a clear zip lock bag to the preschool on the first day of the child's class. When soiled clothes are sent home, please return a clean set on the child's next class day. **Remember to change clothes in the bag when weather changes.** Children should wear clothing appropriate for the weather. If your child wears boots on snowy, days please help him/her take them off in our lobby area and change into regular school shoes. This helps protect our carpet. It is imperative that your child wear proper outdoor clothing, since both the teacher and the teacher aide need to be with the children outside and can't stay indoors with a child that isn't able to go outside. If the child is too ill to go outside, please do not send him/her to school.

## **TOYS / MAIL / PARTIES**

Except for “Show and Tell” **THE CHILDREN SHOULD NOT BRING TOYS FROM HOME.** There are sufficient toys available in the classroom. Personal toys cause social problems among the children. The preschool will not take responsibility for lost or damaged personal toys. If children are going to a baby sitter or to the extended day program, please make sure that all toys, snacks, lunches are in your child’s backpack. **Teachers do not look in backpacks for notes.** Please use our mailbox located in the Preschool lobby for any communication. Ask the extended day staff to hand all correspondence directly to us, this would include lunch money. **Parents, please ask permission before placing anything in the children’s mailboxes.** (Example. birthday party invitations.) Our policy is everyone in the class, both boys and girls, will receive an invitation, if brought to school. The same goes for children’s artwork. If this is not the case, please mail the invitations or artwork.

## **HEALTH AND SAFETY**

**Emergency Medical Form:** Please complete and return all required entrance forms by the due date. In case of emergency, we proceed as indicated on medical form. **It is the parent's responsibility to update information on these forms.**

**Medications:** Since your child is only in school for two and a half hours, twice a week, please take care of medications at home. Do not send in cough drops or any over the counter health items. In case of chronic disorders, such as diabetes, when emergency medication may need to be given, consult the teacher who will give you the forms that must be completed and signed by you and the child's physician giving permission for dispensing medicine. Children are not allowed to receive any kind of medication at school unless these forms are filled out properly.

### **Management of Communicable Diseases:**

Parents are asked to protect the health of their own children as well as others by keeping a child home if he/she is sick. Please keep your child home if you believe he or she is sick. Children will sometimes want to come to school when they are sick. A child with any of the following signs or symptoms of illness shall be immediately isolated and discharged to his parent or guardian. The program shall immediately notify the parent or guardian of the child’s condition, when a child has been observed with signs or symptoms of illness:

- Diarrhea (more than one abnormally loose stool within a twenty-four hour period)
- If you suspect Strep throat have your child stay at home. Wait for the 24 hr test results
- Severe coughing, causing the child to become red or blue in the face or to make a whooping sound

- Yellowish skin or eyes
- Conjunctivitis
- Temperature of one hundred degrees Fahrenheit by the ancillary method when in combination with other symptoms- Untreated infected skin patch(es)- rash

The child, while isolated at the program, shall be carefully watched for symptoms. A child isolated due to suspected communicable disease shall be cared for in a room or portion of a room not being used in the preschool program. A child shall be within sight and hearing of an adult at all times. No child shall ever be left alone or unsupervised. When children are exposed to a communicable disease such as pink eye, ringworm, chicken pox, or lice the school's nurse will send home a note to all parents of enrolled children.

- sore throat or difficulty in swallowing
- elevated temperature

- red crusty tearing eyes

## **PARENTAL INVOLVEMENT**

We encourage parents to visit the preschool classroom whenever their schedules permit. Please let the teachers know ahead of time so we can tell the children who will be visiting.

Any parent who would like to volunteer in the classroom is welcome. Please schedule time with the teachers.

Parents are the child's first and most important teachers. We are looking forward to working with you to help develop your child's full potential.

## **SCHOOL CLOSING POLICY (parents may sign up for text weather alerts on the school's web page [sjsamherst.org](http://sjsamherst.org) and follow the instructions)**

Any time the weather causes hazardous conditions please listen to the radio (Stations 930 AM or or 1300 AM) or tune in television (channels 3 or 5 or 8) for the announcement of school closing. **If Amherst schools are closed, St. Joseph's School and Preschool are also closed. If Amherst school are on delayed opening, our Preschool will be closed for both morning and afternoon session.** Please do not call the school, convent, or rectory. These lines are needed to notify personnel. Preschool parents may choose to not send their child if you believe conditions are too dangerous to drive.

2. Conduct yourself in a safe manner inside and outside.
3. Follow directions.
4. Learn to use words to express feelings.
5. Do your best work and allow others to do their best work.

## FAMILY/CUSTODIAL SITUATIONS

St. Joseph School is finding an increasing number of families experiencing transitions in parental custodial relationships. In addition, laws governing divorce settlements and custody have been recently changed. For this reason we find it necessary to clarify and restate the usual procedures followed by the administration and faculty in dealing with parents in such situations.

In two-parent families it is assumed that both parents are living at the same address unless we have been notified otherwise. St. Joseph School personnel will, therefore, send home notices, communications, etc. with the child. It is assumed that both parents are communicating regarding the child and that all information is shared by and between the parents. This information includes but is not limited to conference appointments, report cards, discussions with school personnel, and tuition statements.

In families experiencing separation of parents, or pending divorce, the above information will be sent home with the child to which ever parent currently has care of the child. It is assumed that this information is shared by the parents and between the parents. Since this situation frequently impacts on a child's achievement and interactions at school, parents are asked to inform both the principal and director of this fact so that appropriate support can be given to the child. St. Joseph School personnel cannot proceed on hearsay, rumors, or demands of a parent, but only with the appropriate documentation detailed below.

In cases of an actual divorce decree involving clear *custody by one parent*, the teacher is to be informed by the custodial parent of this fact. A copy of the first page of the decree bearing the case number, the pages referring to custody and the relationship with the school, and the final page bearing the judge's signature are to be submitted to the teacher.

Unless the decree indicates otherwise, school communications will be sent home to the *custodial parent*. Custodial parents should understand, however, that unless the divorce decree specifically limits the noncustodial parent's right to access to records, the noncustodial parent has a right to the same access as the custodial parent. We will, unless instructed by a Court Order, release such records upon request to the noncustodial parent. "Records" includes official transcripts, report cards, health records, referrals for special services, and communications regarding major disciplinary actions. It does not include daily class work and papers, or routine communications sent through the children to the home of residence. In these cases the custodial parent is asked to cooperate with the school and share this information directly with the noncustodial parent. This avoids time-consuming duplication of services.

Further, you should realize that unless restricted by Court Order, any noncustodial parent has the right to attend any school activity of their child which includes sports activities and class programs. Parents should keep each other informed as to these activities to avoid duplication of communications and to allow the school to better attend to the duty of teaching your children.

In cases of 'joint custody' (shared parenting agreements) entitling both parents access to school personnel and activities, it is assumed **that one copy of communications** and information will be sent home with the child and that this will be shared *by* and *between* the parents.

Regarding parent conferences in all custody situations: it is preferred and will be the general procedure that *one* conference appointment be scheduled “jointly” if both parents wish to be present. It is assumed that parents are able to set aside differences and to come together on behalf of their child for this time. **A joint conference further insures that both parents are given the same information at the same time**, there by avoiding misunderstandings and misinterpretations.

In cases where joint conferences are *clearly* neither possible nor desirable by all parties involved, alternate arrangements may be discussed with the director, subject to the approval of both parents, and further reviewed by St. Joseph School's legal counsel. Every effort will be made to keep communications open with both parents while at the same time avoiding duplication of services and excessive demands on the teacher's time.

Visitation should generally begin at the home of one of the parents and not at school. It is hoped that visitation arrangements would reflect the sensitivity of both parents to the consistency and routines that foster security in a child and allow for school responsibilities and homework to be taken care of during the school week.

If there are questions concerning this restatement of procedures or circumstances you feel necessitate other arrangements, please contact the preschool director personally.

## **BEHAVIOR MANAGEMENT / DISCIPLINE**

The preschool teachers will treat children with respect at all times, modeling for the children appropriate ways to treat others. Our goal is to help your child develop his/her full potential, self-control and the ability to make good decisions. The children will be guided through interesting activities planned by skilled teachers. They will learn how to share toys and solve their social difficulties with one another. **Please ask for a conference any time you have a question or concern.**

Behavior problems that children sometimes exhibit are the result of lack of enough sleep, a difficulty at home, the loss of a family member or even a pet. Notifying the teacher about these circumstances will aid her in helping the child to manage appropriately in the classroom.

In the Saint Joseph Preschool all students will be treated and respected as unique individuals created by God. A preschool staff member will always be in charge and responsible for discipline.

### **If a child has any minor behavior difficulties, the teacher will:**

- confer privately with the individual
- give a short "time out" - redirect child
- time outs will be age and developmentally appropriate and will always be within sight and hearing distance of a Preschool staff member in a well lit and ventilated area

### **For more serious problems the teacher will :**

1. speak with the child and try various discipline techniques
2. schedule a parent teacher conference
3. encourage parent classroom observation
4. refer parent to get support services for the child
5. a shortened preschool day will be implemented until the child is able to maintain positive classroom behavior
6. determine if removal from the program would be of benefit  
(Grounds for removal would include, but not limited to: excessive spitting, biting, hitting, foul language and not staying with the group).

### **Although we have never or will never use any of the following disciplinary actions, we are required by the Ohio Department of Education to list the following in our Preschool Handbook:**

- There shall be **no**, cruel , harsh corporal punishment. (Ex. spanking or biting)
- There shall be **no** discipline delegated to another child
- No child will ever be confined with physical restraints other than a protective hug as a calming measure for a short period
- There shall be **no** child placed in a locked room or confined to an enclosed area (Ex. closet, box, or cubicle)

- No child will be subjected to profane language, threats, derogatory remarks, or verbal abuse regarding him/ her or their family
- No discipline will be imposed for a child's failure to eat or if a toileting accident occurs
- No food, rest or toilet use will ever be withheld from a child

Never will our discipline techniques humiliate, shame, or frighten a student. The Preschool staff shall not abuse or neglect children and shall protect children from abuse and neglect while in attendance of our Preschool program. Our behavior management system is patterned after the Love and Logic system.

### **Student Referral Policy**

The general education and special education teachers in the building, along with the child's home school district, work collaboratively to best meet the needs of the students. Initial evaluations, observations by a special education professional, and consultation with a student may be done without parent permission at the request of a general education teacher to determine if further services will be needed. Formal parental permission will be requested if further formal testing or intervention will need to take place. We also refer families to Ohio Guidestone, a family centered program that works to support families with young children. This program works to promote healthy social and emotional development for children birth to age five.

### **Absenteeism Policy**

The preschool experience is enhanced when a child participates in his/her classroom activities. Please, call the school office by 11:00 a.m. if your child is sick and will not be attending school. Please, give your child's teacher a week's advanced notice if your child will be going out of town with you to visit relatives or for a family vacation. It is the parent's responsibility to make sure the child is not tardy. Children will sometimes have a hard time joining the group when tardiness occurs. Please, help us avoid this problem by having children arrive on time. If a child is consistently tardy, consistently absent, the teacher will request a conference to remedy the situation.

### **Cumulative Records/ Records Release Policy**

It will be the policy of St. Joseph Preschool to maintain cumulative records for each child enrolled in our program. These records will be kept in the Preschool office and will exhibit, among other information, the students enrolled there in, emergency numbers for each student, the authorized pick up list, and health information for each student. These records will accompany the child with their next educational step. If your child transfers to another school, these records are available. Parents requesting a records request must fill-out and sign a form in the school office before any information will be shared. Since St. Joseph Preschool is part of St. Joseph Parish School, records between preschool and the day school do not require a records request and will be shared upon the transition process from preschool to kindergarten.

## **Parent/Teacher Conferences**

Parent /Teacher conferences may be requested whenever you have a concern or would like to be given additional information. A Parent/Teacher conference does not mean that your child is having a problem in the classroom. A Parent/Teacher conference is a time for parents and teachers to exchange thoughts and ideas, as well as a Progress Report on aspects of your child's development. You will be able to ask the teacher questions and share any information that would help the teacher. Information shared during a conference is confidential. We will schedule conferences two times a year. Our second conference will focus on a transition plan for the following school year. At this time, your child's teacher will make a recommendation for placement based on assessments, observations, and professional experience. Additional information and ideas will be provided based on your child's needs for a successful transition.

## **Child Abuse**

When teachers have reasonable cause to suspect child abuse or neglect, we are mandated by law to report to the appropriate community agency.

### **Community Resources:**
